Chairperson Kunzer read the Town of Walworth Zoning Board of Appeals Variance Determination Resolution:

With regard to Application at 1731 Waterford Road for an area variance requesting relief from Section 2, Waterford Road Subdivision Approved Plans for required front setbacks.

WHEREAS, the Zoning Board has 1) duly advertised and held a public hearing, 2) has considered all relevant information, and 3) has considered the potential benefit to the applicant versus the potential detriment to the neighborhood or community in relation to such Variance(s).

NOW, THEREFORE, BE IT, RESOLVED, that the Zoning Board of Appeals makes the following findings of fact:

1. The variance requested is not very substantial since it is roughly 6 feet.
2. The purpose of the variance cannot be achieved by some other feasible alternative because there was already a front porch there.
3. The variance will not have a negative effect on physical or environmental conditions in the neighborhood or district.
4. The variance will not result in an undesirable change to the character of the neighborhood or a detriment to nearby properties since other homes in the area have the same thing.
5. The difficulty relating to the variance was self-created in their wish to have a front porch.

AND, BE IT FURTHER, RESOLVED, that based upon the above findings, the Zoning Board of Appeals hereby **approve** the variance.

Charles Buss made a motion, seconded by Christine Kubida, to grant Robert Gotschall the requested area variance of 7 feet. All members were in favor. Motion carried.

Chairperson Kunzer asked if there were any corrections to the minutes of November 6, 2023. Charles Buss made a motion, seconded by Becky Appleman, to approve the minutes of November 6, 2023. All members were in favor. Motion carried.
